

Wahl Oval Race Suspension, 106" Suspension Mounting Instructions

02-814A Wahl Champ 106" Oval Race Suspension

- | | |
|-------------------------|---------|
| 1. 7 Tooth Drive Wheel | 11 1/4" |
| 2. 8 Tooth Drive Wheel | 10 3/4" |
| 3. 9 Tooth Drive Wheel | 10" |
| 4. 10 Tooth Drive Wheel | 9 1/8" |

- Rail Length – 39 1/4"
- If the measurements from the top of the tunnel to the front and/or rear mount holes are different than specified, you must move both mount holes the same distance. For example, if you raise the front mount hole 1/2", you must also raise the rear mount hole by 1/2".
